Profile

I'm 27 years young developer, having over 7 years' experience in web software development and cloud services development. Recently, I have been studying master degree in Mobile computing, services and security at Aalto University.

I'm a creative and enthusiastic developer and I love what I do. I'm passionate about new technology.

Experience

Software/Web Developer, Framgia – July 2012 - August 2013
Web development using Ruby on Rails, MySQL, Ajax
Front-end development with HTML5, CSS3, JavaScript
Mobile application development with Cocos2d-x

Researcher, International Institute For Computational Science and Engineering of HUST – 2013 - August 2014
Research into high performance computing using GPU, cloud computing technologies. Take part in state-level project: "Virtual Desktop Service and Database Service based on CloudStack".

Senior Developer, VCCloud - VCCorp – June 2014 - September 2015
Develop web services including interface designing and programming for cloud computing systems

Research Assistant, Aalto University – October 2015 - May 2016
Assists with research projects about positioning service and video streaming service

Part-time Front-end Developer, Lekane Oy – March 2016 - June 2016
Develop a service dashboard using Reacts with support in developing Go-based API

Co-Founder & CTO, Host My Pet Oy – May 2016 - present
Host My Pet is an online service for finding find qualified and trusted sitters for their pets when they are away, where trust is the core value behind the design.

Web Developer, LeadDesk Oy – Sep 2016 - Jan 2018
Implement services integration and develop custom reports for a contact/calling service

Software Engineer, TokenMarket Ltd. – Jan 2018 - present

Education

Hanoi University of Science and Technology (HUST) – graduated, 2009 - 2014
The Degree of Engineer in Information Technology from the best technical
university of Vietnam - GPA: 3.2/4 - top 1% of 30,000 students of HUST
Aalto University, 2015 - present
Master in Mobile Computing, Services and Security

Scholarships/Awards

Fellowship at Hanoi University of Science and Technology

Accepted to honour programme in Computer Science at Aalto University

Technical Skills

	Years' Experience
Languages	
C/C++	3
Python	5
PHP	3
Ruby	7
HTML/XML + CSS	4
JavaScript/NodeJs	8
Unix Shell	4
UML	2
Database System	
MySQL/Postgres/AWS RDS/Azure MySQL	2-6
MongoDB	3
Operating System	
Linux (Centos, Ubuntu)	6
Mac OSX	4
Frameworks and other technologies/services	
React/ReactNative	4
Django/Flask/Pyramid/Rails/Express	2-4
Twilio/WebRTC or similar	2
Stripe/Paypal or similar payment processors	2
